Course Overview

PRO-BMT (“*Professional Building Management Training*”) provides ABMA Accredited Training programs to support continuing professional development [CPD] for ABMA Accredited Industry Practitioners.

The ABMA CPD – Work Health & Safety Compliance Management Plan Introduction course is 3-hour tutorial and general overview delivered in easy language for all levels of competency. Targeted toward emerging Health & Safety Representatives, Facilities Managers, Caretakers, strata managers or Committee Members seeking to gain an introductory level understanding of the preparation and implementation of a WHS Compliance Management Plan to the Commonwealth WHS Act standard, the CPD-WHS course will supply an introduction to these existing legislative requirements. Health & Safety Representatives seeking to build capability so as to offer services to the sector would also benefit from this introductory course.

Learning Outcomes

Upon completion of the CPD-WHS Course, participants should have achieved the following learning outcomes: -

- A general overview of the WHS Compliance Management Plan
- An introduction to legislative standards relating to Work Health & Safety on the residential strata common property workplace
- Understanding PCBU definition, duties and obligations
- Overview of the role of the Health & Safety Representative
- Overview of what is included in a compliant WHS CMP
- Insight into managing mandatory records, periodical reviews and incident sites
- Site Inspection checklist for HSR

Teaching Strategies & Objectives

The CPD-WHS Course is an introductory tutorial aimed at entry level. All PRO-BMT Trainers are ABMA Accredited Compliance & Performance Assessors and are therefore able to provide relevant information to the participants.

Assessment & Certification

All participants who successfully complete the CPD-WHS Course are issued with a PRO-BMT Certificate to the ABMA continuing professional development standard. This certificate will support application for ABMA Industry Practitioner Accreditation.

Pre-Requisite Qualifications

There are no pre-requisite qualifications required to enroll in this course other than a sound level of comprehension in the English language.

Course Materials

All participants must purchase the current year reference textbook for the Course: - ABMA Building Management Code© [state specific version].

Resources

Resource references are provided during the course including the ABMA Guide to WHS Safe System of Work for Common Property and a HSR Site Inspection Checklist.

Further Study

For those seeking to build specialist capability in this area the WHS DIY Compliance Management Plan Workshop [3-day DIY workshop] is highly recommended.

The ultimate qualification available for Facilities Managers, Caretakers and Strata Managers in residential and mixed-use strata facilities management is the Diploma of Building Management.
